Good morning Doug. This is James Dornfeld. I have been working with Donnie Noland on my house in North Scottsdale. Donnie had surgery and is out so I am taking over to coordinate the installation of the doors. Can you please give me an update of what the statuses for all of the doors that have been ordered? Please feel free to contact me via phone if it's easier to do via voice. I look forward to your reply.

Door is on way I ll see it early as friday

Thank you Doug. Could you also please take a picture of our front door and text it back to me? We may want to have that shipped as well but want to make sure it looks good before we do have that happen.

I'll call and get for you
