Good morning Jimbo . This is James Dornfeld. I have been working with Donnie Noland on my home in North Scottsdale. Donnie had surgery and is out so I am taking over the plumbing for the home and need to get the remaining trim kits that have been ordered. Are they available and can I come by to pick them up please? We have a number of other items on order, including a bathtub, and I'd like to get the status of those as well please. Could you please give me a call?

Is Donny ok?

I don't know

Let me know if you hear if he's okay
